"My child remembers very little about the three years of harsh medical treatments, yet remembers every single detail about the wish."

Tammy, Wish Mom

To whom it may concern,

Please accept this reference letter as confirmation of the outstanding work Corporate Traveller (CT) does to assist us with travel bookings for our dynamic wish families. As a non-profit, the needs of Make-A-Wish® Canada can be somewhat different to those of large businesses. As we always strive to be the most financially efficient with our donor dollars, price often takes priority, and the agents at Corporate Traveller always look out for our best interests at heart.

In addition, there is always a CT agent willing to step up and fill in if for any reason our primary agent is unavailable, providing a seamless experience on our end and giving us confidence that trips can be booked when needed. It's not uncommon for us to make bookings with short notice, and we have never found this to be problematic.

If you have any questions regarding our continued and strong relationship with Corporate Traveller, please do not hesitate to contact Kristy Switzer or myself at 416.224.9474.

Kind regards,

Christopher Pon
VP, National Corporate Alliances

c. K. Switzer, Associate Manager, National Corporate Alliances
